

ARCHANGEL ZADKIEL SPEAKS THROUGH SRI & KIRA

ARCHANGEL ZADKIEL SHARES:

You are ever shifting, moving and creating anew: over and over and over again. The gift, the ability to continually expand, renews itself. This is a process that cannot be terminated, for you cannot terminate expansion! It can only renew itself.

So when you may feel as if the expansion has been terminated, when you may feel as if you are in a period where you are not expanding, know that you are renewing!

Expansion cannot be terminated because you are light! Pure light cannot ever be extinguished. And so in the expansion, which is what you are, (*an expansion of light*), you are growing; for you cannot ever be extinguished or terminated; it simply cannot happen!

It is impossible! Only that which has density can be stopped.

Sri Ram Kaa: Then only that which has density can have fear around it?

Correct! This is an important correlation for you to understand. For it is in the density that fear exists! It is ONLY in the density that fear exists.

There are, however, many different forms of density! Your mind immediately thinks, OK, density, Earth, this realm. There are other realms that also have forms of density. The fear exists in each realm according to how the alignment of molecules of energy are put together. The denser the realm, the more stiff. Here the fear is very stiff, indeed!

***It is important to understand that in the depth of fear, you know the truth of the density.
This is the gift of the fear.***

There are so many gifts that you receive from fear that we wish simply to discuss this one gift now. For as you see fear around you increase, as you see fear around you become stiffer, ever more rigid, ever more owning of itself, it is a gift to you as it is a reminder of how dense a planet you are on!

Sri Ram Kaa: I'm reminded that until one stops the commotion and experiences the inner bliss it is hard to remember the truth.

It is when you are empowered in your Light that Light can walk through all fear without fear. Someone may say, "You can not walk there! That, (illusion), is a wall made from 10 feet of stone!"

The ten feet of stone, the thickness, has been created by the level of fear, by the escalation of panic. By the belief system in all that is evil, all that is fearful, all that is angry, all that is jealous, all that is greedy, all that has what you call ulterior motives. These are the bricks in that wall. It has indeed grown thick and the mortar is very fast and hard. And so some will say, "You can not walk through that wall!"

Know that Light can walk through anything!

This is an important example. As the fear becomes denser and as you recognize the gift of fear reminds you that this realm that has cemented itself together with fear! It has bonded itself with the emotional tie-in of the belief in the truth of the fear.

It is simple to be Light once you understand that you are not fear! You are not that!

Only the illusion you pretend to be can ever be part of the wall!

You all have choice! You can be part of the wall, or you can walk through it.

Often times you start walking through the wall, then open your density eyes, and start believing in fear again and you wind up becoming part of the wall.

You do not have to stay there! At any time you can close the eyes of illusion once again, and remember, connect, call-in Light and continue walking.

For indeed, when your eyes are closed to the world of illusion then you are able to stand in the truth of the Light. For there is nothing to see here in the level of fear and density, there is nothing to see here. People will say, "Oh yes, there is! There are trees and sun and grass and sky!" This is Absolutely true!

***Look at them through the eyes of Light
Understand them through the eyes of Light
Understand your existence through the eyes of Light
Not through the eyes of fear!***

This is when you understand the truth. This is when the magnificence and the freedom that you seek becomes universally connected to you. This cannot ever be taken away!

Everything else is simply an illusion, an alignment of molecules that are fed by a collective belief system that keeps giving them more energy. Does it surprise you the fear-based illusion is so fat and healthy? "Stay in the illusion", they cry! "Stay Here! I will give you money, I will give you all the treats you want. Fancy clothing and ego gratification, I will give you everything that you want."

The truth of "YOU" does not want it at all!

And so the illusion is fed. It cries for more food with demands. For it is a demanding entity, and indeed it's own life form. It is a life form that is tied to density and can only exist in density, so of course it seeks to preserve itself...and density. The way it preserves itself is by wanting more food, more fear!

Unlike the true nature of "the YOU", it is limited in its expansion. It can only expand here, in density. So which life do you choose, which life do you serve?
It is OK to serve either the fear or the Light.

There are some who came here and said, "I want to serve the light of the third dimensional reality through deep density fear so that I may support it to sustain itself so that those who need to come to awake, can!"

What a gift!

Love them dearly. We have mentioned this before, we simply wish to offer you more perspective.

***Love that piece of yourself that has gone so deep into the third dimension!
Love that piece that has gone so deep into remembering and knowing this realm, that you served
yourself enough to now understand that "YOU" are not that!
The "YOU" can not ever be!***

There is great power in freedom from the illusion that you must run away from polarity.

It is your time to be free!

***It is time for all to recognize that the power within is beyond the unlimited. The mind limits, and
as you are on your path of mastership, everything before you is unfolding.***

Release your frustration of time constraints. Many say "I have heard it is unfolding and I do not understand why it is taking so long" It is because you are fixated on the time factor that you perceive it this way. When you release this factor and trust your guidance and know indeed that YOU ARE being divinely protected, loved, surrounded and nourished by ALL of the events around you.

This is most important, many say “I am only being protected by my guides and higher Self.” This is only a small piece, you must embrace and love of ALL the events around you and recognize the work of God through each one.

It is when you are able to release the judgment of right and wrong in that which happens with you and become the observer of the information around you, that the evolution you feel that is moving so slow will fold upon itself and it will indeed reveal to you that which you are waiting for!

Avoid becoming a non-doer. So many misunderstand and say “Oh good, I can hang out now”. You must claim and clarify your decision. “Yes! I declare I am ready, I declare that I will, indeed, hold fast, and when I judge, when I see that which is less than my truth appear, I will be the observer. I will not be the jury!”

For as you are your judge, you also become your jury. This is even more dangerous for then you sentence yourself to many things. This too is part of the illusion, your judgments and beliefs become mortar in the ten foot thick stone wall. This is often why you stop when only five feet through; because you judge yourself.

When you doubt yourself and feel “who am I to walk through his wall? I am not ready. I have not studied enough, healed enough, read enough.”

You have all done enough! We assure you that you are enough!

Release the belief that YOU need to do it all during this time here.

Accept the truth that you are here because YOU have done it all!

Once you understand and accept this, Light will reveal itself.

That which you seek to expand will harmoniously, effortlessly and joyously float through you, around you, and offer you all the comfort, security and love you seek.

Many Blessings
