

2020: Cosmic Awakening AS Divine EXPERIENCE!

The Divine Directors speak through Kira Raa:

Beloved Ones! We are the divine directors and we are here for ALL the star-seeds, walk ins, hybrids, and activated beings of crystalline light that are calling out for reassurance!

You are heard! And...your collective presence has broken through the vast cloud of illusion that seeks to keep you distracted. Together we have traveled for many eons through the vast network of star systems that you may perceive when you may question if you are imagining. May your heart know that you are not imagining anything and that you are creating more than your awareness...has revealed.

*This coming period is the moment of cosmic awakening.
It is through this moment that the expansionary experience of
parallel dimensions and expanded timelines will softly reveal itself
as the nervous systems of your bodies of form adapt.*

Many are feeling/sensing/knowing this through the network of symptomology you share so freely as "Ascension symptoms". These symptoms are more accurately understood as an "energetic overlay" of the Ascended Presence. As the rising vibrations of Gaia and ALL of her inhabitants escalates, this presence is calling to your body lovingly and firmly.

This love is that of a mother who wants only the best for her child. To stand within the love of the universe is to carry the spiritual firmness that holds divine presence as the model for thyself and all others whose awareness is ready to clearly see. This clarity of awareness is the gift that the year of 2019 has showered upon all of this realm of experience. The opportunity to see with clarity.

For through the clarity of AWARENESS that has permeated the 2019 experience, the coming cycle invites your Divine Presence to relax and release the need to explain anything or everything. To call forward the blessing of trusting your Divine Nature as you witness ALL the answers appearing.

This cycle is a rare moment, through the GIFT OF EXPERIENCE, to release that which is causing you pain. To notice that as you do, the pain is gone. In this moment, simply gaze deeply within and notice what the emotional body is saying/doing/creating!

And then, smother yourself in LOVE! LOVE! LOVE! This love is without any restriction or judgments. And when the restrictive thoughts and judgments would arise, LOVE THEM Even more. For this is how deeply you are loved and how much we love you.

This is the love that will sustain you and support you to navigate the extreme positionality that exists within all illusion. Celebrate that EVERYTHING is out in the light...this is the resurgence, the re-emergence, the remembrance! Each being will experience this emergence as the gathering of the fuel for the next cycle.

*People are where they are during this time.
Those choices have already been made.
The momentum at hand is here to assist to
EXPAND the AWARENESS through EXPERIENCE.*

It is the time to go deeper with what you know. Follow it to where it is trying to take you as you LIFT into the witnessing experience that frees you from the illusion and holds open the gateway of your illumination.

Just as the witness of the third-dimension experiences shifts through the moments of dimensional awareness that open the 5th, 7th and 9th dimensional portals, each will anchor with the energy that is offering the greatest amount of expansion.

And this experience carries with it many seeming surprises.

For some they may feel as if they are going backward, and others may feel as if they are coming forward, however they are both the same! They are equal. They are one. Carrying the wisdom that remembers that returning to what is perceived through density as a "lower level" of dimensional awareness, is actually the blessing of the master returning to assist a level of awareness calling forward balance as the witnesser. To fully understand what it is to 'witness, the witnesser, witnessing, the witness'.

Cycles are outside the perception that something is ending, this is merely an illusion perceived through the lens that must turn something upside down to actually view it. Consider that in the density experience, at the advent of your technological age, the television received a signal that was literally upside down to the consciousness of the one receiving it. Therefore, a device was created to adjust the signal to be received.

This next cycle is a moment of vibrational and energetic adjustment opening the gateway for you to be able to receive and understand the signal that is being sent. To fully embrace and trust that it has all-ways been there, and has been patiently waiting for you to build the "device" that would assist you to see and receive its gifts.

We offer this analogy for your greater AWARENESS to EXPAND that which you already know! Celebrate that the seeking energy can relax as you harvest what has been growing. The energy of dormancy is now releasing, and it has created a strong vibrational earthquake that has been experienced by ALL Who are AWARE of this connection.

As you connect with your heart, notice if you experience your expanded awareness. And, as you do and as you do not, simply relax ever more and open yourself to RECEIVE the gift that is upon you...now.

This is the moment to full accept YOU...and to shine as you do! Perhaps there is a delight in the knowing that this journey of the soul, through this cycle of "time", was your moment to REMEMBER at a level that few dare to explore. To have the courage and fortitude to say YES to yourself through the eyes of Illumination: The other side of the veil.

To FULLY COMPREHEND the totality of the expansive Oneness that defies all words while SIMULTANESOUPLY EXPERIENCING the density as a "real moment".

This is the moment of the Collapse of the self-soul and the ignition of the Ascended Presence as it sees for the first time the vast limitless horizons that appear when you are standing at the top of the Pyramid and your eyes are truly OPEN.

Beloved Ones...we welcome thee into the energy and full embodiment of your Divine empowerment. As we offer this message, the essence of the journey that will in all-ways lift you into a moment of choice, has called forth the Ray of Courage!

This is a ray of illumination that arises, and opens for all to RECEIVE, as the inner awareness of complete self-acceptance becomes one with the mastery presence of your ascended presence.

The sacred union of these two energies, Self-Acceptance and Mastery Presence, is the carrier of the healing rays of light and illumination that are pouring forth through the appearance of the Ray of Courage.

This NEXT ANNUAL CYCLE IS the moment that ignites the next chapter.
And!

This moment is simultaneously revealing that which has been hidden!

As the veils all begin to lift and the Awareness increases, the consciousness that is being called forward will co-create with the blessing of the fully awakened master as part of the collective planetary thought body.

Through the illuminated awareness of the unified stream of Steadfast commitment, focused awareness, and complete trust, the moment has come forth for the universal framework of support to OPEN...FULLY! This is a moment to cherish and remember. A moment to RE-COGNIZE that which has all-ways been.

You are the Master!

You are the Ray of Courage!

You are Self-Acceptance!

And! You ARE MASTERY PRESENCE! May your heart awaken into this moment with the joy-filled recognition that you ARE the master claiming the Be-ing of your In-power-meant!

This is the cycle within the cycles that have woven the carpet for the travelers to find their way through the illusion. This carpet has been woven many times and in many ways. This carpet is yours to claim as you say yes to relaxing the illusion of the ego that binds you. Simply breathe and remember:

It is WITHIN the land of the heart where you will all-ways discover the greatest heart break.

And! It is within the land of balance that the imbalance will be revealed as it is made ready for true healing.

Within the land of the crystalline fields is where the deepest darkest night will appear to be faced, endured, and ultimately, loved. The first and critical step of regaining balance! To FORGIVE AND LOVE that which arose through the darkest night. To remember that Through the EXPERIENCE, the wisdom and strength to return to Balance the imbalance arises!

This is the wisdom to fuel the journey that comes forward like a flowing river from whence the dam has sprung open. This is the moment to lift through the journey and arise again through CHOICE into the AWARENESS of your Divine essence in form.

The moment to EXPERIENCE! Master-filled, Compassionate, Complete. You are a Master living a co-created experience called forward through the Experience of the All-ness as an expansion of the infinite Oneness.

“Going backward” on the journey ceases to exist once you are fully awake to it. There is the recognition that you are a general that has been invited to Re-engage the battle with the wisdom and mastery of the consciousness you are choosing to embody.

This battle has always been and will always be. It is only the manifestation of the energy that is an ever floating, flying, cosmic creation that can only BE through the battle of that which it is and that which it is not.

When the energy of the experience of the non-dual preceptor arises, the moment of rebirth begins and is often mistaken as a retreat. Indeed, it is a retreat from all that is and has been, it is the moment to bask in the silence of the void without doubt that the process of re-emergence is manifesting in its own divine flow. From there the energy that is experiencing this creation re-engages and expands once more.

You are the Five Star general that is fully ignited standing in the energy of the emergence! Claim your birthright as you remember that a Five star general:

- Remembers always what it is to be on the front line
- Recognizes all voices must be expressed for balance to be remembered
- Reassembles the energy of the creation experience to reflect the consciousness of the moment
- Relaxes into the divine with complete trust
- Releases all need to be right while honoring the divine intuitive nature that is flowing through all beings.

This is the moment where all generals are being called to remember themselves and stand tall with love and oneness. You are the Divine Presence and this next cycle will invite you to call forward the BEST that you are!

And as you call that best forward, the support from the universe will match that commitment infinitely. May your heart invite the Peace, Love and Joy of your Divine Nature to Flourish through this EXPERIENCE!
