

Message Two of Twelve
The Divine Cradle

*Through Wisdom Teacher Sri Ram Kaa & Master Lady Kira Raa
Delivered at TOSA Ranch November 26, 2005*

Archangel Zadkiel Speaks:

Hello and welcome! Indeed! WE...ARE most **gratitude-full**. Gratitude-full!
Indeed! IT...IS...a great time to BE...HERE.

Entering the Full-ness

It is important to re-cognize that you are indeed full. That fullness has many, many, many different components, does it not?

To be full is to be filled. To understand. To BE...indeed...in the joyous moment of the re-cognition of the truth of your BE-ing-ness.

This is what it is to be most full, to be complete.

What is completeness? What is fullness?

How are they the same? How are they different?

We invite you to pay attention. When one is full, when one has completed, one is...indeed...with great light. One ignites the light of the top chakras, those that are in the exploded crown. Yes!

Within the exploded crown chakra is great light, great fullness, and great completeness.

Within this full-ness, within this complete-ness, you are able to lift magnificently into your BE-ing-ness within many dimensional realms. It is time as they say to get off the pony. *(much laughter)*

As you get off this pony, you are able to walk in a land of multi-dimensional enthusiastic and expansive BE-ing-ness. **YOU...ARE...an expansive BE-ing.**

[Dissolving the Body and the Ego](#)

We implore you to call forward the time to allow the body to dissolve along with the ego. You have worked on the ego, it is true. Many say, *“Oh the ego this, the ego that.”*

You have allowed this dissolving of the ego to attain a level of accomplishment. YOU...HAVE...allowed it to happen. And! You...Have...interjected many new light points into all of your Divine Ascended chakras¹. It is most wondrous that you allow this remnant, this piece of **non you** called the ego, to dissolve.

Know that as you allow this dissolution to happen, it is time to allow the body to dissolve with you. See your body becoming many points of great light. Allow your-self to dissolve into the light-ness. This is where the fullness arises from. This is where the completeness comes from.

***Have you ever not been so filled with joy, so filled with love,
so filled with contentment, that indeed you were full all-ways?
In all ways!***

[Focus, Clarity and True Vision](#)

This is a most powerful remembrance. As you move forward, in this time now; as YOU...ARE...HERE...NOW, your planet is spinning faster with each passing moment. With each moment!

¹ [Click here to learn more about The Divine Galactic Blueprint](#)

This is not an event that is coming; it is an event that IS happening.

YOU...ARE...in the process...NOW.

Stop waiting. Start participating!

As you participate, gift yourself the opportunity to ask regularly;

Where are my eyes focused?

Where is my attention?

Am I focused on the Divine, or am I focused on the density?

From your focus² everything becomes clear.

Invite yourself to focus in the manner that ignites greater clarity of vision.

Many say, *"I can not see, I have no vision. I can not see. Where are my glasses?"* (laughter) We invite you to declare that you do not need glasses.

Within the clarity of true vision ALL...IS...clear. Only in a realm of density do you need glasses. For it is only within the realm of density so many things become unclear.

Have you ever felt unclear?

If so, then know in that moment you were fully within density.

In density you are indeed often squinting to find clarity while grasping at what feels comfortable. Often there is the experience of not being quite sure, yet moving anyway. This is because of the compelling energy to get where you are going and make good time while doing it. (laughter)

IT...IS...important to pay attention. IT...IS...important to look at your vision.

What do you wish to see? Where do you wish to be? Now that you are aware, what is around you? What IS...indeed?

Many say what is my purpose? Why am I here? We hear this often. YES!

We do! What is my purpose? Why am I here?

Your Purpose and Path

Dearest children there is only one reason you are here. It has many, many, many different forms, and there is one underlying reason.

You are light and you are expanding.

You are an effervescent spark of divineness.

You are joyous light dancing, celebrating, experiencing and being.

How you choose to express that light is where each of you has your own path. All of you are on a path.

The question is: what path are you on?

You may say I don't know. What is my path? Where is the path? I am lost on the path, took a wrong turn on the path!

KNOW, that ALL paths lead home. *All paths* dearest children! How you go there is completely up to you. Completely!

Sometimes you must take many paths, and sometimes you may have many forks in the road, do you not? Yet, the forks are part of the path. Each fork will lead to another fork and eventually they will all bring you back to where you are seeking to go.

You must first release judgment that you are on wrong path or you have not done enough, been enough, or are good enough.

The judgment of any path interferes with your own path.

We have spoken often that when you can walk your path clearly while not interfering with the path of another, it is a wondrous and beautiful way to be.

Yet have you ever asked if you have interfered with the path of yourself through judgment?

It is important to pay attention to this. What are you judging and why?

Learning to celebrate your judgment!

When judgment comes forward it is an opportunity for you to become ever clearer. It is a way to recognize that in that moment, you are indeed, **densi-full**.

Now that you are densi-full you can have fun with that. Dance in the densi-full-ity so that you may fully IN-joy your density. As you dance and gift yourself the opportunity to see clearly, you break free with every moment. With *every* moment!

Living in the Cycle of Preparation

Dearest ones, we wish for you to re-cognize that YOU...ARE...at the close now of a great cycle. You are completing the cycle of preparation. There is a rapid escalation beyond this time that is in front of you right now.

Knowing that this time of completion is in front of you NOW, where do you choose to place your consciousness? Do you choose to be full, or do you choose to be empty? Do you choose to be in joyous recognition that you are shifting multi-dimensionally all the time, or do you choose to simply say; *“This is too much for me to look at, can not deal with this now.”* OK!

Simply be present with which energy comes forward to you as you remain present and accepting of that energy. Do you question yourself? If you do, then love the questioner and re-cognize that YOU...ARE...not questioning anything. *It is time for you, more than ever, to simply pay attention.*

You are Not your Body

Your bodies are calling to you now more than ever. They are seeking to hold you. They are seeking to assist you to stay in the density. Your bodies are very densi-full. YES! Your bodies, in this moment, in this time of your collective history of expansion, are inviting you to believe more and more that **they**, (the body), are **you**.

Here is a simple exercise. You wake up and your **soul-self** says, “Today I shall meditate or today I shall do a practice that is good for the truth of me.”

Now, your body comes forward and says, “What are you kidding me? I don’t have time for that.” Or your body comes forward and says, “Let somebody else do that, you don’t have to do it.”

It is most important to know that this is not You who is talking, this is the body coming forward and saying look how powerful I, (*the body*), am.

Remember dearest ones, just like your brain, this is not you, (*your soul-self*). Your body and your brain are beautiful servants for you to have available. They exist for you to experience, for you to grow.

***It is time for you to claim the truth of your power without any doubt!
It is time to stand and declare the truth of your BE-ing-ness.
Know that as you do, your body will indeed begin the dissolution into light. Multi-dimensional shifting, existing, and manner of being become effortless as you claim your BE-ing-ness.***

The Joyous Release of Dogma

Laugh often! Dance and be joyous in the recognition that you and your planet, are indeed shifting. It is so easy to stay by the old dogmas, is it not? You all have been dogmatized! Oh yes, it is very much like traumatized only with dogma. You have been dogmatized.

It is now the time to completely TRUST YOUR HEART.

If within your heart you do not feel an action or belief is right, yet even one hundred thousand or more believe it to be so, who is to say that your heart is not correct? You are! You must trust your heart that much!

Trust your heart to the point that you can peacefully re-cognize your truth regardless of any outside influence!

If you know in your heart the truth of your BE-ing and have made your declaration, then you have made your choice. “Yes! I know the Be-ing that I AM and I re-cognize the divine of God in every-thing, in ALL.”

For when you have made that choice with that much power, you reclaim the infinite recognition of all paths and all choices. In that infinite recognition, your heart can stand stable even when many around you say no this is correct because we all believe this is correct. Take time to truly understand.

It is important to re-cognize, dear ones, that you can not trust your own heart if you do not recognize your own divinity in a greater way than you have ever recognized it before.

It is time for you to own the BE-ing that you are, not to just talk about it. It is important for you to absolutely go within the depth of your BE-ing-ness. ***To love your body so much that it has no fear. To honor yourself so much that you know you are taken care of, and that you are protected.***

Understanding Coming Events: Terror or Joy?

Dearest ones, always know that we come to offer you great joy and great understanding. For many you are at the time of rapid shift and rapid, how we say, we take moment to say this, there will be much on your planet very soon that will cause many the experience of terror.

Because of this, you must know that this world, this country, is not immune to this energy. Yet you have the choice to only participate in joy. It is your choice. How do you wish to participate?

There will be those who see joy and those who see terror in the same event. It is up to you.

Re-cognize that as you move forward into the ascended heart, and as your heart anchors as the root chakra of the ascended system³, you have an opportunity. This opportunity is beyond holding light for yourself. To simply within the presence of who you are, offer peace, offer love, offer joy...***just with your presence.***

Avoid the compulsion to tell others what to do. We do not offer you this. What we are sharing is the opportunity to come forward in your own light, come forward in your own BE-ing-ness, for each of you simply knows what is right for you. Stay in the presence of your heart and as you do you will navigate everything. ***There is no-thing to fear.***

Anytime that we offer you what you would consider to be a future event, re-cognize that there is only now. There is no past and there is no future. If we futurize, we take away from the now, do we not?

So, IT...IS...important to stay within mastery presence. As we stay within this mastery presence, we invite you to come most forward in your own BE-ing-ness. Forward within your own connection.

How would you like this to look for you? You are a powerful co-creator, so co-create! What do you wish to bring forward as a powerful co-creator? To do so, you must first recognize that YOU...ARE...a power-full co-creator.

For some, their minds come forward and say, “*I can not handle this, not true for me, can’t do this.*” Good!

Contained within the mind of many skeptics is the gift of opening up the door of loving themselves even more.

So just be yourself. Just be yourself! Be true to you! Honor your BE-ing-ness that is expressing *in this now*.

In the next fourteen months, much will happen and much will be prepared. How do you choose to prepare? How do you choose to be?

[The Gift of Simply Be-ing](#)

Know that as you hold your light, each of you that claims your Divine Oneness, and Divine understanding, and for each who has no need to do anything except to be in the truth of their BE-ing-ness, you hold open a portal for one hundred thousand others. Is it not the time to do that more than ever? Yes! IT...IS! We invite you to focus on that gift.

You have started a cycle of great and wondrous light.

Know that all paths lead to enlightenment. It is not reserved for a few. It is a doorway that is open for ALL of you. You simply need to re-cognize you are already that. Stop searching. Start being. As you do, all unfolds effortlessly.

Know that we love you dearly. Know that our heart shines through your heart as your heart beams connected as one through the universal strata of great knowing. It is with great joy and many blessings that we have spent this time with you. A question, oh yes!

[Questioner:](#) *I have a question about karma. You said on the millennium karma was over. I am wanting to understand the things that are happening right now. Is it a cleanup, like a sweep to clean things up? When you hear of things that happened in situations, does it feel like the past life pull is over? I just need you to address the karmic issue a little more.*

[Archangel Zadkiel:](#) We shall offer you this. It is a powerful question that you ask because many seek to understand this better. Yes! Yes! Yes!

Dearest ones, all karma, as you understand karma, was lifted off of this planet during the time of the millennium. This was a predetermined timing that is part of the expansionary experience. A time when the recycling of lifetimes and the learning of soul lessons would transmute from a density-based system of alignment, and free itself to offer the reunification energy. Let us go back and explain what we just said.

When you became the travelers⁴, those of light that have gone on this journey of traveling, you have been traveling a very long time. The goal, to use the word goal, of light is to experience, expand, and become ever more joyous, ever more expansive. As light you recreate often. Often becoming within yourself greater light, greater being-ness, greater color, greater tone, greater harmony. With every cycle you have refined more, opened more, become available to more.

We talk now just about the third cycle⁵, for indeed you have cycled through these three times. Within this third cycle of the experience of light as density, this culminating time, on this planet for you that are here, because we are talking about those of you on this planet here right now, have gone through many different soul evolutions, and not all on this planet. You have touched this planet at least more than once, which is why you are asking this question now.

For many years there has been great wisdom revealed that has offered you the opportunity to break free of karmic cycles. Until this time, very few have broken free. There are very few, so you point to a few and say look at this one, look at that one, you call them masters, you call them prophets, you call them many things. They have indeed shown many ways on how to relieve or release through that cycle. Yet as great beings of light, you are all predetermined, in your words again of this world, to reunify.

⁴ Read Sacred Union: The Journey Home by Sri Ram Kaa and Kira Raa

⁵ The Archangelic Realm has taught that we have had three expressions of density, Tu'Laya, (Leumeria), Atlantis, and the present time.

You are at the time now, and we shall explain. Visualize a big ball. You have been coming all the way around the ball and now you are ready to sling shot your way back. This is the only way we can describe that. YES, it is hyper drive. It is indeed!

As you are ready to go back into reunification, it is no longer a karmic debt. There is nothing to be repaid on both a personal, if you use this word, or global basis. Everything now is part of reunification, everything!

We return to the word densi-full. In an energy that is very densi-full, there are great habits that say things can only be happening because of karmic debt. There are those that refuse to believe karma is lifted, so indeed they will continue the habitual patterning that creates it. Yet indeed it can be gone in the moment of recognition.

The energy of karmic repayment is gone as is the time of the ascended chakras available to you now. None of these energies were available on the planet up until just a few years ago.

You are rapidly entering a cycle. How many of you feel that days now seem like hours? Does not time seem like it has speeded up so much you can not keep up with it? Guess what, don't! (*much laughter*) We ***encourage you to let go of linear time.*** It will make you crazy. Oh, YES! It will make you crazy. You will look at your watch and wonder how did this happen? Can not be, what day is it? You will find yourself doing this more and more and more. Those who do stay closely aligned to linear time without recognition will indeed find themselves in greater discomfort.

We understand that you are living in a world that has restrictions upon you. You say: *I must be here at a certain time; I must be there at a certain time.* OK! Re-cognize that without being it. Do not own it. When you have those days, train yourself to let go of all time. You get up when you need to get

up. You go to sleep when you need to go to sleep. If you wake up in the middle of the night wide awake, then wake up and have a party. Have fun! Go back to bed when you can.

Stop denying the cycles of energy that are running through you. You have much energy running through you, and you deny it. Why do you deny this to yourself? Because linearly you are told you must do it another way. It goes back to what we said earlier. Just because so many say it is the correct way to do something, if your heart knows different, trust your heart. Start training your heart. Start training your heart.

Questioner: What are we preparing for? What is coming?

Archangel Zadkiel: Whoa! Big question is it not? *(much laughter)* We have offered you many insights on what is coming. The greatest gift we can give you is to know that what is coming for ALL is the great gift of reunification. That you are at the time.

This is the time of your own evolution of density, of great reunification in a manner that has not been done before and you are closely within this time. How each one of you experiences this is truly up to you. Each will be fulfilled in their own soul's recognition of this energy. Because of this there are many energies that are available and present to you now.

What is coming is still up to you! How you create is in your own heart! Collectively you will all have many similar experiences while you will also have many individ-u-will experiences. Dearest ones so many come to us and say, *"I want a date, a time and place. I want it now, and unless you give this to me, I have nothing to listen to!"*

This is fine. Those are the same ones who would have the date, the time, and the place and that would still not be good enough. It would still not open their heart.

*All of the answers that we offer to you are to help
you open up your own heart.*

We will share with you a time of great, what many will call turmoil, many will call it joy. It is simply where you choose to be. Many blessings.

Questioner: You said in the next fourteen months there is going to be some changes happening, natural disasters are already happening all over the world. Is there more concentration in one area or another for instance the east coast and the west coast?

Archangel Zadkiel: It is important to understand dear one, that there will be many, many, many geographical changes. The next fourteen months will give you plenty of opportunity to recognize where those changes will be most dramatic. Pay attention to all that is happening. Follow the lay lines of the earth. If you must look at what is happening, follow a lay line. See where it goes. Pay attention to the poles.

Pay attention to that which is happening. These answers you already know in your heart. The greatest thing for you to do is to pay attention. It is easy, nor is it in our place, to give each one of you, ok you this day, this time, here. This is not of service.

What is of service is for you to become aware⁶. As you become aware and as you follow this preparatory time, what will happen for you is that you will be able to not only prepare yourselves through your own light of clarity, all those around you will be prepared also. That is the great gift.

It is very simple to pluck days and times, and it does not serve the greater reunification of Light. With a day and time, your heart does not need to activate. All you need to do is dig your cave and get in it. We are not here to help you dig a cave. You must know that. We are here to help you open

⁶ Ascension escalation begins with Awareness. We move through the cycles of Awareness, Experience, Choice!

your heart and lift into the truth of your being; from there your greater service is present. If you wish to dig cave, there are many who will teach you.

What we will share with you is how to lift into your heart and truly be present for ALL without ever having to say a word. Just by BE-ing the truth of who YOU...ARE. This is the honoring of light.

Make your choice! Make your decision and know where you want to be. Know and trust that you will be exactly where you need to be in any moment and time. Do not fear. Fear dearest children, is what causes separation. It is not about fear; it is about joy. So, take that one in.

Questioner: *I wanted to return to karma because I find that the definition of it is different through out the world. One thing I was wondering about that we touched on again today was, when people are in the world and they are not in this room and they are not committed to serving light, I imagine in the reunification of all things all beings received the gift of removal of karma. What happens in that case of people that are not doing service or blessings or doing, can we just say bad things in the world, do they have no karma of their actions?*

Archangel Zadkiel: This is a good question! We appreciate it. Let us first of all share with you there is not good or bad, there is only the judgment of what is good and bad. There is only that which we are on this planet now saying, "Oh I judge this to be spiritual or I judge this to be non spiritual or I judge this to be good or I judge this to be bad." It is the same with the light and the dark.

All karma has been lifted. What that means is that all souls are now free for reunification, AND not all souls are choosing reunification in the same way. Can we agree on that? Good.

So now from there, at the moment of reunification every soul will be experiencing reunification based on completion of this experience of this realm of density and this time of expansion.

So not all souls will experience the same way, meaning some are now in light. Some are carrying light as light bearers. Some are meant very much to hold torches on the path. There will be a time when so many will be on the path at once they will be confused and have no idea where they are. This is why so many need to be torch bearers. Those torch bearers have already brought themselves forward and say, "I am anchored as a torch bearer as are those who are anchored in many different ways."

All beings without any exception are part of reunification. All souls, as part of their completion in this time of reunification, will go through a process which may under the definition of the dogmatic understandings look like they are still working out karma based on action.

The Suph'alla, (the Benevolent Ones), wish to speak, so we are going to bring in the Suph'alla and invite any of you who still have questions to ask them. Many blessings dear ones, many blessings.

THE BENEVOLENT ONES SPEAK

Yes. IT...IS...indeed with profound pleasure that we come and offer you a great and joyous hello, and the blessing of many energies from many worlds and many times of deep connection. Our heart sees your heart and the multi colored strands that you are can not be hidden.

You are more beautiful than you know. It is time for all of you to invite the great BE-ing that YOU...ARE...to come forward with greater knowingness. We have come forward now to offer you information of a nature that you call galactic and that we simply say "IT IS".

Within this IS-ness is the wondrous opening of Divine Light. We invite you today to call forward the understanding, the memory, of being in the cradle of Divine Light.

The space where ALL is Oneness, and where separation does not exist. The place where there can only be divine cradling, comfort and joy. No expectation, because it does not exist. Simply BE-ing in the space of IS-ness. Knowing your truth, your BE-ing-ness. Re-leasing yearning, wanting, needing, and simply knowing from a space that is beyond the heart, from a space that expands many hearts.

Re-claiming IS-ness

Your timeline has separated your heart from your IS-ness. There has been a fracture in this realm of density experience. From this fracture you have expanded through many separations and have had many experiences designed to create distrust of your own IS-ness. You have become accustomed to the distrust of yourself, of others, of this experience, and it has become normal. In a world that has taught you that normalcy is conformity.

***It is most important for you to re-cognize that YOU...ARE...
at the time now where you are free to not conform.
You are free to simply BE IS-ness again.***

The way to do this is to gift your-self with the re-cognition of the Divine cradle.

Entering the Divine Cradle

We are offering to you today an energy transfer of the Divine cradle. We bring it to you.

Breathe into the top of the forehead. As we offer this gift, let yourself feel this cradle. Simply be cradled and understood from the emanation of great Light, Love and Joy. It is a galactic understanding of cradle-ship. As you

bring this to you, feel yourself comforted in ALL things. Know the gift of your own connection. As you experience multi-dimensional wisdom, there is great color, great light, and shape.

You may offer yourself a re-connection with this energy of the great cradle at any time. Often on this planet, you feel you are not cradled. You feel alone. You feel misunderstood. You feel as if you are not known.

We have always seen you as you have always seen you. You have never been alone. You have simply been on a grand adventure.

In this Divine cradle ship we are activating a vortex, you may feel some swirling, and you may wish to close your eyes. As this energy comes forward, many of you are in the time of Divine One-ship.

In this Divine Oneship you may find what you call many past lives running through you very quickly. Simply observe and let them go! It is not a time to be stuck in past life, past connection. It is a time to be right here with you. ***A past life, in this moment, is nothing more than a fantasy of what you were, of what you could be and what you have brought forward.***

It is time to claim the declaration; **"I AM IS-ness! I AM IS-ness!"** In the understanding of Divine cradling, cradle yourself as you cradle the planet. Call forward the energy of the Divine mother as you place your-self into the cradle and be nourished.

Know that we stand around you now with great and wondrous energies of connection. You have been through this many times. Many of you have felt great disconnect, great confusion, lost-ness. This illusion does not exist in the cradle of Divine Knowing. This cradle is yours.

Many of you will experience in the next few days and possibly weeks, unusual body feelings. You may have an ache, you may feel a pain; you

may feel a stuck-ness. Go into the Divine cradle and cradle yourself at that time. Put your arms around your-self. Allow the sway, allow the Divine cradle, *you are being re-birthed on a galactic level.*

*You are in the process right now of galactic rebirthing.
Reunification is indeed a rebirth, and in this rebirthing you are free.
You are connected and you are indeed back in the arms of the Divine.
You have never left and you are here now. You can never not be.
If you stay within the Divine cradle, ALL is in Divine BE-ing and ALL is in
Divine energy, Divine support, and Divine love.*

We wish today to offer you this energetic transmission. You are receiving this on many levels and invite that self to come in. Breathe deep as many are holding their breath.

We look forward to our time of connection with you so much. It has been many, many, many eons since we have had this connection. Your heart has waited as has ours. We love you, we miss you, and we are here, YES.

Know the truth, cradle yourself. You are home in the Divine being of your truth. This is your home. Here you do not need to be the warrior, you do not need to be the prince or the princess, you do not need to be other than that which YOU...ARE. No expectation, no pressure, just YOU in your magnificent gloriousness.

As you breathe in this peaceful being-ness that you are, we will entertain your questions if you like.

Questioner: The love that we feel here from you, is it possible for humans to emanate this much love?

Benevolent Ones: Dearest one, what you feel from us is your Divine love. We simply have returned at this time without any filtering. This is what

love feels like without any filtering. Are you able to express this? Of course you are! This is the gift of this time. For at this time all the filters are fading away. Your own experience of love is igniting ever more.

Questioner: We live in this world that tells us many ways to strategize, to move. How can we bring this beauty into business and those things?

Benevolent Ones: In the recognition that business and those things, are simply an expression of ALL that is, there is no longer a need for separation. Float into that as a continuum of love. Come into the Divine cradle and then go forward. Break with a paradigm that tells you one thing and you create the Divine space to open another. You can do this and have prepared to do this for many eons. Those that are able to break the continuum and bring forth this love will open a doorway for others to emulate.

You are at the time of great shifts which is why we are able to be here now. You can break with one paradigm as long as you make one continuum of loving Divine cradle-ship. Simply go into it and amaze yourself with how glorious you are.

Within the Divine cradle you will find the answers you seek and the timing that you wish. Feel the energy of your own love.

For many eons we have simply held space as you have held space here. It is now time for us to create this space together.

Reunification, dearest children, is a joyous event and we are delighted to be with you. We bid you a joyous welcoming and ask you to invite yourself into the cradle of Divine-ness often.

Be in joy. Be in Oneness. All IS-ness.
