

**Message Five of Twelve**  
**Compassionate Wisdom**

*Through Wisdom Teacher Sri Ram Kaa & Master Lady Kira Raa  
Delivered at Howard Johnson Convention Center, Albuquerque, NM, USA  
February 24, 2007*

***Archangel Zadkiel speaks through Master Lady Kira Raa:***

Beloved Ones. IT...IS...with a great and glorious hello, that we welcome you today, offering the divine blessings of ALL THAT IS, and ALL THAT HAS EVER BEEN as we move forward in this time.

IT...IS...a great time, indeed, to re-cognize that compassionate wisdom IS the energy which is most fluid in ALL of your tissues...in all of your bones...in ALL THAT IS coming forward...now.

**Recognizing Compassionate Wisdom**

You ask: compassionate wisdom? Tell us more. We would love to! And so, compassionate wisdom. IT...IS...important to re-cognize that YOU...ARE...at the time, when indeed, there is a mish mash of information coming forward. You may say: *I have at least a hundred kajillion bajillion emails a day with new information.*

IT...IS...indeed, a time when the wisdom, when ALL of the information is indeed abundant. Is it not? Is there not a great abundance of information?

It is imperative for YOU to pay attention to your own divine knowing; your own divine recognition. To ask yourself: *If I do not clutter my closet, why do I clutter my brain? If things feel constricting, if things are contradictory, then what is, indeed, in contradiction?*

Perhaps what is in contradiction is that your soul and your heart are seeking one form of information, and your brain is seeking yet another. Pay attention to this, IT...IS...important.

Many now are coming forward and declaring: *this way, that way, up, down, back, forward, side to side, my goodness*. When you receive these hundred kajillion bajillion emails, when you have ALL of the information in front of you, what do you do? Where do you go?

Pay attention.

As YOU ARE...now, in the time of compassionate wisdom, you must first be compassionate with your-self. Is it not soon upon you, what you would call spring cleaning? Yes! Perhaps IT...IS...time to begin with your own information network, as they say.

What in you, would serve from a good thorough cleaning? Pay attention to this. IT...IS...time for you to be compassionate with your-self, compassionate with the recognition that you have been feeding yourself much, much, too much, to digest.

When you eat too much, indeed, do you not feel that you must lay down and recuperate? Does your body not get sluggish and tired? Perhaps you must reach for little pill, little antacid, no? Yes!

### [Clearing Away the Debris](#)

We invite you to take an antacid for the brain! Yes! IT...IS...good for you to allow yourself now to say:

*I choose to get very clear and pay attention to that which offers my heart joyous upliftment. When I find myself being taken away from joyous upliftment, when others tell me I should be taken away from joyous upliftment, when I am receiving or hearing information that invites me to challenge my own compassion, that is the time when I will Hoover it out! I will get a big Hoover, and have some fun! Yes.*

Dearest ones, to BE compassionate with your-self, YOU must ask your-self, how much is too much? How much is too much? Are you ever in the process of feeling overwhelmed? Yes!

You can feel overwhelmed in many ways. Perhaps you are overwhelmed by an illness. Perhaps you are overwhelmed by a pain. Perhaps you are overwhelmed by an energy

running through you and it is simply too much. Then ask us to bring the Divine Hoover to you, and we do<sup>1</sup>!

Invite and allow your brain to relax trying to understand. Dearest ones, in the brain's search for understanding, it will collect much debris. It discovers debris **everywhere**, and you live in a very large debris zone. There is much debris to choose from in many ways.

Is this compassionate? Are you BEing compassionate when you allow yourself to collect the debris of eons? For some the debris is good. When we are covered by enough debris, eventually we wish to see again, do we not? Good! Then we discover how easy IT...IS...to clear it away.

This is why we offer you the Hoover reference! Indeed, you can flip the switch and use any setting you desire! Maybe it is bare floor or thick carpet. IT...IS...ok. Pick the one that works for you.

### [Divine Clearing with the Fragrant Breath](#)

*IT...IS...important to remember. As you move forward with compassion, and as the compassion is brought forth to your-self: only through your own divine compassion with your-self, are you able to call forward the wisdom that arises once you embrace the divine compassion of your own beingness.*

We invite you to practice often, the fragrant breath. Do you remember this fragrant breath? We offered this to you last month<sup>2</sup>. If you do not remember, freshen up. As you invite yourself to understand the fragrant breath of Life, the breath of God, the essence of ALL that is, you call forward to your-self a divine clear space.

### [Embracing the Divine Energy of Compassion](#)

Beloved ones, there is a need for great compassion in your world. Compassion is an energy that can only arise through your soul's re-cognition that YOU...ARE...in divine harmony...now.

---

<sup>1</sup> Direct example of Commanding the Light. This is an anchoring energy of the Alchemical process of the Law of Instantaneous Manifestation. Compassionate Wisdom is the foundation of calling forward Fifth Dimensional existence in form as the Yoga of Self-Ascension.

<sup>2</sup> Reference to the breath as taught in Lesson Four of this series.

When you allow yourself to be outside of divine harmony, IT...IS...difficult to find compassion for your-self. Many transpose this compassion towards others, or toward one form of expression. For example, one may simply be compassionate towards animals, or only compassionate toward a specific energy they feel aligned with.

*Is this true compassion? Or is this indeed a selective use of energy?*

A great gift, indeed. In that gift you see your divine ability to BE<sup>3</sup>. You see your own divine energy expand. You re-cognize that you have within you great strength and great compassion.

*Can you allow yourself to expand this energy ever more,  
into ALL that happens...into every event?*

*Dearest beloveds, in your world now, is there not a great need to be compassionate?  
Is there not a great need to re-cognize that there is before you now, many incidents,  
experiences, illnesses, experientialnesses, cute word,  
that will invite you to become ever more compassionate?*

You can use all of these to BE more compassionate, or to BE more angry. Indeed, is not the energy of anger and frustration most prevalent? It is VERY prevalent. Notice as you touch into your own heart, your own body, your own psyche: Where do you carry anger? Where do you carry frustration?

Honor yourself for touching into these parts. To deny that they exist within you, is indeed, not a compassionate act. Can you be compassionate enough with your-self to re-cognize that these energies exist to help you find your wisdom ever more?

Beloved ones, IT...IS...not the denial of the connection to this beautiful beloved world, IT...IS...the embrace of the energy and experiences of ALL that is before you now. YOU...ARE...at a **great time** of reunification!

### The Gift of Divine Reunion

As BEings of divine light, you have expanded, expanded, and expanded from divine consciousness, many times over.

Dearest children, as light beings who have expanded, and expanded, and expanded, and refracted, and refracted, and refracted: you have now reached the time of divine reunification. To move into the gift of divine reunification, you must begin by re-cognizing that the compassionate wisdom within, is **your** reunifying energy.

When you begin with this divine compassion expressed into your BEing, it begins first by releasing judgment that it should, could, or would have been different. Should, could, would. We find “wood” is good for chopping if you like. Could has no value. If you could, you would, and thereby it would happen, would it not? And, if it should have been, it would have been. My goodness, we’re in a circle. Do you see this? Should, could, would, is a trap.

### Holding Compassion for Yourself

Offer yourself the gift of **IT...IS. I AM**. Beloved dearest ones, compassion begins with the recognition that **YOU...ARE. YOU...**have all-ways been **YOU...**will all-ways **BE**. The divine recognition of **I AM** is the declaration of compassion to the divine source of ALL love.

Bring your hands to your heart. Feel within every cell of your body **I AM DIVINE LOVE**. Can you feel that? And many who will not do that. That is ok too.

As you bring your hands to your heart and allow every cell in your body to re-cognize this, from that knowing is the **DIVINE COMPASSIONATE ACT of Receiving a Divine Gift**. In that process you all-ready understand and Trust the gift of YOU. YOU...ARE...Divine Love. YOU...ARE...Divine. You have all-ways been and will all-ways BE. There is not any-thing that could ever stop that. No-thing! Cannot happen!

IT...IS...imperative for YOU to re-cognize, in the time of compassionate wisdom, IT...IS...one of the greatest gifts you can bring forward right now. Many, many, **many** are withholding compassion from themselves.

**How often does one withhold compassion from themselves?  
How often do you still flagellate until you are bloody,  
whether it is in physical form or not?**

Many of you here have spent many lifetimes deeply dedicated to serving God that your bodies left form through the perception of service to God. If you did not do it yourself, though many of you did, others did it for you, from their belief that they were helping you.

***Can you be compassionate enough within your-self to stop self-flagellating?***

***Can you give your-self the gift of re-cognizing that you are the divine love,  
that in your presence and recognition, the compassion you bring forward to the  
planet now, is the compassion of God in every aspect?***

***Can you re-cognize that every life experience has been a  
divine gift to bring you to this point now?***

***And if not, are you able to stop judging your-self because you think you cannot?***

### **Aligning with Compassion**

IT...IS...imperative to celebrate the divine gift of BEing together now. YOU...ARE...at that time, the sling shot has occurred. You have expanded, expanded, expanded, expanded, expanded, expanded, expanded, expanded, expanded, expanded, **and now you are reunifying.**

The energy of reunification is very different than the energy of expansion. Because of that, IT...IS...understandable that every-thing's shifting. For those that are holding onto expansion, feelings are going to be quite tight.

If you pull a rubber band as far as it will go, how do you know when it will snap until you are being stung by it? You keep pulling and pulling, and just a little more...owchie! Some need the owchie. IT...IS...ok. Some are ready to say enough, my arms hurt, I let it go.

***What is it that you are looking for in your compassion?  
How do you call forth your compassion?***

Every-thing that you do, every-thing that you eat, every-thing that you drink, every-thing that you say, every-thing that you think, every-thing that you move forward with: ask yourself, ***does this serve my compassion?*** Does this offer compassion to the divine love that I AM? Then continue. Offer this insight into your daily routine.

### **Legions of Angels Come Forward**

We wish to speak about the many who are choosing to transition now. Before you, there are many who are transitioning<sup>4</sup>. We wish for you to know that those Beings of Light have agreed to come forth now, because the multi-dimensional realms are indeed becoming more and more together<sup>5</sup>.

As they come together, the 5<sup>th</sup> dimensional overlays are in this world so clearly. An army of angels has been called to assist. This army of angels is led by those who we humbly honor. We are so great-full they volunteered for this time. As you are honored to meet one of these angels, get on your knees before them and thank them.

***There are many before you now who are coming back. We need them, as you need them.***

Know that we offer this now, because ALL of you will be affected. All of you. Your world needs compassionate wisdom to understand why. Before the end of what you call this year, there will be thousands crying out why. You have the compassionate understanding within your own beingness! IT...IS...the legion of angels coming forward now that will be visible in many undeniable ways.

### **Acknowledging the Wisdom Keeper Within**

YOU...ARE...at a rapid time of energetic knowing. Trust that YOU...ARE...in the divine moment at ALL times. YOU...ARE...in the energy of reunification. YOU...ARE...compassionate wisdom.

Can you relax into every breath BEing the compassionate wisdom of God? Are you willing to let go of should, could, would? Allow yourselves to re-cognize you are loved as much as you could ever understand in the brain of a human. Then go beyond that and allow yourself to embrace compassionate wisdom.

Beloved ones, each of you carries great wisdom in you now...great wisdom. Do you truly know how much wisdom you carry? Let go of any judgment that says you must do more, be more, have more, study more, know more. IT...IS...time for YOU to allow your-self to come forward realizing you ARE a wisdom keeper, or you would not be here.

*How you wish to express that wisdom is the gift of being here now. Each of you have your own compassion. Gift it towards your-self and express that wisdom.*

Beloved ones, we adore you. We are on our knees before you. IT...IS...a power-full time. IT...IS...a power-full time. YOU...ARE...ready for this time. You have spent lifetimes expanding. Allow your-self to joyously reunify with the compassionate wisdom of the truth of your own BEingness.

Take every incident in your life, and perhaps even for one day, and then maybe for one week, and then maybe for one month, and where you go from there...let every-thing be determined by the compassion this offers you.

How does that sound to you? Good. We will just take a few questions.

***Q: I would like to live more consciously; can you give me some help on that?***

Beloved children of divine light of God, your hearts are already doing more than you are aware. All you need do is bring your hands to your heart more often and pay attention to the truth that exists there. You are already doing what you seek. Many blessings.

***Q: With the wisdom that we have, is this something that comes from past lives? Is it something that we just call into our heart to receive? Is it just there when we need it? Could you elaborate on that a little please?***

Beloved, what a powerful question. The answer is with your own question. Can you accept outside of your mind that this wisdom is the eternal wisdom of the divine Godhead that has been with you from the very beginning? Can you accept that you have this within you? It has always been there and nothing could ever take it away. Can you allow yourself divine manifestation now through divine compassion and recognition? Then there IT...IS.

***Beloveds, you cannot mentalize compassionate wisdom. IT... IS... important to know if you bring it in with your brain, it is not of the most high. You must bring it in from your heart.***

***We are complete and invite you to re-member the divine love YOU...ARE. Re-member YOU...ARE...at the time where legions of angels are coming forward in great power. A time like this has not ever been on this planet. Celebrate! BE present. Pay attention. There will be many that you will be connecting or reconnecting with very soon. Many will come back. Many will come forward. You are the divine light of love, and we love you dearly. Many blessings.***

***Master Lady Kira Raa whispers while returning to her body from the Insoulment:***

***There is this huge, huge violet, it looks like a bonfire. It's so much more than a flame. It's right here and it's huge. And there's St. Germaine, El Moyra, Nada, and they keep saying:***

***"Throw in whatever wants to be transformed," They're saying that they "bring it as a means to offer you the transmutation of the remnant judgment that may be in the cellular tissues of your body. Can you offer yourself a moment of divine bliss? We offer this gift from our heart to yours."***

***How beautiful. And so it is. Many blessings.***
