Releasing Dogma: Accepting Divine Mastery

Through Wisdom Teacher Sri Ram Kaa & Master Lady Kira Raa

Delivered at The Lotus Temple, TOSA Ranch, New Mexico, USA

October 28, 2006

Archangel Uriel Speaks:

With a vibrant hello we offer ourselves in the manifestation of the glorious recognition of Divine love, presence, acceptance, BEing and KNOWing.

Beloved Dear Ones, if you do not recognize us, we offer you our name, Uriel. In the re-cognition of the Golden streams of ALL that are, we have invited today many, many, Benevolent BEings.

Re-Connecting with the Essene Christed Energy

In a-lion-ment with the benevolence of the BEings that have come forward to be with you now, many of what you would call, your Essene Brethren, have come forward at this time. They are...here now...in many benevolent ways; walking with you. Many of you are hand in hand with the energy that you call Christ. YOU...ARE...in the hands of the Golden Ray of the Divine Love of this Christ energy.

Most precious beings of wondrous Love!

The time of the Ascended Awakening of the Authentic connection to the truth of the bliss, of the love that you call Christ energy has manifested in many ways.

This Christ energy abundantly circulates throughout your heart, throughout your Light. It circulates throughout your BEing-ness, throughout your KNOWingness.

In this time of the reconnection with Divine Authentic Remembrance, many have walked the path of ascended recognition before. YOU...ARE...at the time...NOW...of the ascended recognition of ALL that has ever been. Folding into ALL that is, and ALL that is ready to be yet again¹.

¹ Confirmation! The folding of ALL arrived with Concentric Dimensionality and Spiral time as fully anchored in 2021.

Understanding the Golden Energy of Divine Connectivity

Beloved Ones! Like a golden thread, the Divine serpent so many say, the energy of gold filament runs in your veins offering you the gift of Divine connectivity. Many of you suffered mortal wounds many times through your hearts. Many of you have endured what you call crucifixion. Many times. Many of you have felt this in your hands. Many feel this as arthritis in their hands, in their hips, in their feet.

Many are feeling this again now, enduring hours of bodily shifting and changing.

It is time for you to re-member, now, in the full embodiment of the Love of the Universe, you have come forth in Divine wholeness and acceptance that YOU ARE READY. More than you have ever been, to move forward into your own resurrection².

Dearest Beloved Ones! Many of you have spent many life times in what you might re-cognize as Gnostic recognition. In the Gnostic recognition of the mystical knowing, many of you have walked the path of holding authentic awareness, heart-centered being-ness, and the recognition of Divine Unity.

Within the recognition of Divine Unity, you have chosen to reincarnate many times on this world, this beloved Gaia, so that your heart may expand ever more, may open ever more, so that the pain may be transmuted ever more.

Many of you, and your brethren, are experiencing emotional and physical pain now. Emotional and physical pain has escalated rapidly with the opening of the star gate that recently occurred in this planetary system, just a few weeks ago. The date you called October 17^{th3}.

With the opening of that gate, you cannot hide, so stop trying to hide. Stop trying to deny. As you try to hide and deny, as you would shirk from the shining Light that you are, your physical body will be in resistance, and your emotional body will be in flaring recognition.

² We are at the moment of the expansion of consciousness beyond that which we have collectively attained...ever!

³ This date that occurred in 2006 was re-ignited and AMPLIFIED with the Lion's Gate opening of 8-8-2020. The Rising Divine Feminine arising to sustain the restoration and energy of balance.

The Body is Reacting

Many are experiencing the disconnect that you know as depression. This is a disconnect that manifests lack of clarity, that causes hopelessness, re-creates and wants to own doubt...again.

Dearest children. IT IS... important for YOU to accept that the resurrection energy that is on your planet now with great abundant joy. Your hearts have been literally ripped open, how you handle this opening is a gift that you are giving to yourself in this moment now⁴.

Before you now, in the next 11 cycles of what you call the moon⁵, or 11 months on this planet, you will see much of all energies discharged here, unified here and expelled here⁶.

There will be many who will run in terror and there will be many who will jump in joy.

How are you able to hold the energy of your own beloved Christ-ness during this time?

Are you the Maitreya⁷, are you the opening?

Or! Are you the one who chooses to be carrying the sword of density?

Many will carry the sword of density. While carrying the sword of density, they will have the opportunity to be firmly rooted in the recognition that in the time of density, all expressions are always manifest and always shown.

Understanding "Christ-ness"

There will also be the angelic recognition of the ascended energy of the Christ-ness, which is not exclusive to one, what you would call, religion.

Dearest children, Christ-ness is the energy of Light.

IT IS the energy of wholeness. IT IS the energy of love. IT IS the energy of peace.

IT IS the energy of the Divine acceptance of all within.

As the Essene come forward now, there will be more and more of what you would call proof of their existence, coming forth very power-fully. There will be many more of what you call miracles that will appear on what you call your TV.

⁴ 2021 is the moment that initiates healing the heart of ALL humanity! This will be especially potent during both the March and September Equinox.

⁵ [2021 is an uplevel year vastly affected by the moon patterns and detailed on the 2021 Uplevel calendar.](#)

⁶ How perfect that this insoulment was to be re-released in JANUARY of 2021...confirmation & affirmation of the blessing.

⁷ Maitreya is the future Buddha. A bodhisattva residing in the Tushita heaven, who will descend to earth to share the new dharma (law) when the teachings of Gautama Buddha have completely decayed.

Science will be baffled evermore. Cures will be ever more popular from a non-linear understanding. Energetic medicine will reach a new level of recognition.

Each of you is empowering the energetic Christ-ness that YOU...ARE.

What runs through your veins, Dear child? We are not talking about blood. We are talking about the Divine Light of God running through your veins; every tissue, every cell, every membrane.

How do you interact with those around you? How do you wish to be with those around you?

*You are ALL...ALL of you without any exception,
Divine Healers with the Power of the Divine Light of God running through your veins⁸.*

How you heal is the expression of uniqueness that you bring forward now. How you bring forward healing must begin with your-self, beauty-full, most precious beings of Light. IT IS... indeed, a power-full time for you, a great power-full time.

You have stepped into FULL Ascension energy.

Living with Ascension Energy

Dearest ones, in full ascension energy, ALL that is unlike Light will dissolve. When you step into your full ascension energy, sometimes you must take a great leap into the Void. Oftentimes it feels as if you are dying. As if everything inside of you is dying, is being questioned. As if everything must turn around again.

Honor your intuition!

As you honor your intuition, you move forward in releasing the doubt molecules that hold you in density. And!

If you wish to remain a warrior in density, if you wish to pick up the sword of density and play in that realm, then a simple way to do that is to empower your doubt even more. To seek answers outside of yourself evermore.

⁸ This is the ESSENCE of AVESA! The hail to the divine that ignites the Eternal presence as the Divine Healer of ALL!

The two energies of doubt and reliance on outside sources, will definitely anchor you in a density experience.

Dearest children! Understand that on a galactic basis this reunification has been coming forth now for eons. This is the only way we can even begin to help you understand the linear concept of the calendar of all that has transpired.

We wish for you to know...now....is that the Christ energy is before you. It is right before you.

*Feel the eyes of God looking into you.
Feel the eyes of God as you.
Feel your heart connected with the Divine Love of Christ energy.*

Allow the Lotus petals of Divine energy to flow out of you, in front of you, and grace your path in all moments, in all ways. Tread in the Lotus of Love, tread in the Lotus of Being-ness.

Dearest beloved ones, in the recognition of the a-lion-ments that are coming forward now, it is a Divine time for YOU...to TRUST YOUR KNOWING.

Many call out and say: *“How can I trust myself? I feel my messages are mixed. How can I trust what I am feeling? I do not even know what I am feeling. How can I trust what is happening around me?”*

We invite you into BEING. First remember you are not alone. You are not alone. You are not here without Divine love, support, and abundant resources.

It is only in the despair of doubt that your resources disconnect you from your being-ness. We invite you to ask yourself, to make a list and have it in front of you at all times; What are my resources? And your resources have many functions.

***What are my spiritual resources? What are my emotional resources?
What are my physical resources?
And whatever else may come forward.***

We invite you to take your pencils, take your papers, and write down your resources in front of you. Oftentimes density claims that which you already know, and when you are in the thick of that, you forget what is in front of you.

As you claim your resources, and as you allow yourself to reclaim your Christ-ness, YOU...ARE... able to offer to your-self the gift of Divine acceptance of your intuitive knowing.

Dearest beloved children, how often do you get a clear answer and immediately deny it? How often do you KNOW, absolutely KNOW the yes or the no, and yet seek to change it? How often does the mind of density come forward and say: *I want it this way, so don't pay attention to that voice over there?*

Experiencing Living in Divine Multi-Dimensional Alignment

Dearest ones, this is a beautiful exercise. In claiming your Divine knowing and authentic ascended energy, it brings you beyond living in multi-dimensional capacity. The multi-dimensional expression, the multi-dimensional experience, is already here.

This is not a concept for you to conceptualize or intellectualize around, unless of course you enjoy this type of thing. IT IS...an opportunity for YOU to accept more than the eyes of this world would like you to see.

How do you align with Love?

Do not forget beloveds that many align with love through a manipulated and perverted stream of war. Understand that there are many expressions of Love. Yet how do you align with Love?

What is Love in you? How are YOU...Love?

If you stamp your feet with your signs and join great protests, then do it well.

And! What are you loving? The protest, the hoped for outcome, or the energy of the protest?

BE clear on what you are loving. BE clear on how YOU...ARE...LOVE. There will be great outbursts of many protests on your planet, and not all will end peacefully. This will escalate very rapidly in these next 11 cycles of the moon.

And there will be many, many, precipitating factors or energies, that will come together on your planet to create this situation.

What is your Love? Where do you Love? How can you hold presence?

When you give energy to anything, it will expand. So, where do you wish to give your energy. When you come together in groups of Divine, authentic, crystalline beings of Christ-filled Love, come together to celebrate each other, not to influence each other.

Understanding the Galactic Gateways

Come together clear in each of your own hearts. Come together clear in your own knowing, and trusting, so that any gathering may be a celebration of Love instead of a manipulation of love.

Dearest Ones, these galactic gateways in front of you right now.⁹ These power-full and gifted glorious alignments are happening in many worlds, dimensions, galaxies and universes simultaneously.

There is not an ideal time for these alignments, unless you are in linear time as your being. Many will say, according to our chart, you should do this at this time. While that may be true, it is important to recognize that chart only takes into account this dimension and this universe¹⁰.

We have offered you dates that are coming with great powerful alignments. Notice the time during that date that is right for you. Taking just this one step will train you to trust yourself more.

Perhaps it is right for you at one time and right for your mate at another. Perhaps you are called more than once on a particular day. Perhaps you must stop everything you are doing and pay attention. Good for you! Celebrate you are paying attention! Celebrate that you did not need to read a time that said in this dimension, this is the time. This is fine too; it is all-ways fine to honor what you feel called to honor.

If you wish to expand beyond this one dimension, this one world, and this one possibility, dearest beloveds of the Ascension Christ energy, which is pervasive now in the time of the Lion, you must trust your intuitive KNOWing.

⁹ This is a direct reference to the up-level energies that are arising and amplifying the 2021 Ascension Portal activations and stabilizations. This also continues with a greater explanation of concentric dimensionality and spiral time.

¹⁰ This is a reference to traditional astrology that is based upon planetary alignments that exist in this realm of density and are therefore energies that assist to navigate density rather than lift through it.

This is the YOU that is birthing now. Are you in argument with your-self? Many of you are, and we honor ALL. Yes! IT IS important to remember, where is my energy being placed? What do I love and how can I express the Divine Light of god, the Divine Christ Heart of ALL that I AM, ALL that I do, ALL that I communicate with?

The Energy of the Lion is Expanding

Dearest beloved children, you are in the cycle of the Lion. Within the energy and cycle of the Lion, which is rapidly moving on your planet, how do you choose to be? Your energy is beyond power-full. IT IS... redundant to say IT IS power-full. This is why your bodies, your minds, your hearts, and your spirit, are ALL reacting.

Offer yourself the gift of KNOWing. Re-cognize that as you stop reacting... you can begin BEing. You become the observer.

This does not mean you do not care. Indeed. It means you care enough to hold energy, to offer others the opportunity to feel your energy, to be in power-full energy. We assure you there are more than enough of you on this planet aligning with ALL expressions. Where do you wish to put yours? Know that you are Divinely loved and supported in whatever choice you make. There is no wrong choice, AND there is no right choice, there is just choice, there just IS.

You are not alone. The Essene Brethren have come forward at this time because IT IS time for the truth to be revealed. Many of what you would call artifact-type documents will come forward very rapidly.

There will be many new what you call gospels, that will be revealed. There will be many new documents that cannot be denied their authenticity. You will find in those documents these dates coming forward, and you will find that in the undeniable presence, this is the way that you can receive ever more gifts.

Walking in the Shoes of Divine Knowing

Dearest beloveds, YOU...ARE...at the time that YOU...ARE...ready to expand beyond dogma and embrace your own precious KNOWing. In your own precious KNOWing, you are ready. YOU...ARE... also at the time when those who prefer to embrace dogma can do it very well. Yes!

As they should. It is ALL in Divine perfection. It is ALL in Divine perfection. As we weave a golden thread of Divine energy through ALL of you, we invite you to know that the next 11 cycles of your moon are most profound¹¹.

Your bodies will speak to you in ways that they have not spoken ever before, as will your emotions.

Allow your-self to stay in the community of those that support you in the way that you would like to be supported. Whoever that is, wherever that is.

Give your-self the gift of KNOWing that ALL is fluid. ALL moves, ALL flows, and the more that you flow, then the less resistance you experience. Your blessed heart has come forward now, so that ALL YOU ARE may express to ALL THAT IS, and re-connect.

The sandals of the Essene Brethren are being offered to you. They offer you the sandals of your Divine knowing once more. They say to you: *“Come walk with us. Return to the shores and play by the sea. As you walk in our shoes, we will gladly walk with you and walk in yours.”*

Feel this Divine energy coming into you, swirling up through you, empowering all that you are. You are never alone, and YOU...ARE...Divinely...Divinely guided.

YOU...ARE...loved beyond measure. YOU...ARE...honored. IT...IS...time for YOU to wear your sandals again, if you so wish. KNOW that indeed, the **realms of Divine Love have opened up the ascension energy**. YOU...ARE...already in it. YOU...ARE... not preparing for any-thing, YOU have begun the time of LIVING it.

We shall accept questions if you would enjoy asking them.

Q: How can I completely let go of any separation or judgment and just be totally accepting and show love to everything and everyone?

A question of the ages. We invite for you to let go of the ways that you judge yourself. This is indeed the primer, the way to begin. Be patient with your steps.

¹¹ This is, again, a potent reminder that 2021 WILL DETERMINE the collective future of ALL humanity. The heart of humanity is inviting healing and how we respond in 2021 matters.

One small step at a time, and have mercy on yourself. When you are able to truly embrace ALL that YOU...ARE...without judgment, you will truly be in the spaciousness of understanding the recognition of the Christ-ness in all. Many blessings.

Q: My beloved has breathing issues and as we merge together, when we're lying next to each other, it's like I'm starting to take that on, and I can't breathe. I wanted to know what to do about that, and also how do I assist him in getting off of his medication. I think he's ready to do that, but there's a process. I'm not sure what to do about that.

It is a beautiful question to ask about breath, because indeed breath is the fundamental connection energy that comes forward by being in the body of this world. Anyone who is challenged with accepting breath is offering a gift to those around them that is basically saying: *I do not feel I deserve Life*. This one you ask about, is indeed working through what you would call issues of deservability of joy. When you allow yourselves to take on, as you say, then you yourself trigger your own deservability issues.

The only way to fully resolve an issue of breath, for anyone of any breath energy, is to begin by allowing yourself to accept that you deserve Life; that you deserve the fullness of the experience of life. That you stood in line to be here, that you are still here, and that the beloved energy of the Christness that you are, only wants you to be in the beloved connection.

Many do not wish to let go of that which has become the pattern of their life, and only the one can make that decision. You can not do it for them. Many blessings.

Q: The question I have I trust will help others as well and it's a question of my experience of partially resisting the 3rd dimension, partially identifying very strongly with the 3rd dimension. I'm talking about the pain, physical pain, emotional pain. Part is living in two worlds at the same time, and part is like some denial of what's going on. In order to escape the physical/emotional pain, can you elaborate on that?

Dearest beloved, yes, many are resisting as you would say, this world and the worlds that are also overlaying here. Many are also intellectualizing the concept. In the intellectualization of the concept, you have made a choice to align with density, and so all else that comes forward actually adds energy to the energy of resistance.

Many must ask themselves why do I resist truly being free? Why do I resist accepting unlimited joy as my every moment reality? Many must ask themselves these questions.

When we intellectualize these questions, we have made a choice and when we are unable to clearly know the choices we have made, pain erupts. Many blessings.

Q: Hello. I am so grateful, so thankful to be here at this time, in this space, in this body. I know that this is the result of recognizing that I truly am a being of Light. And yet I have a tendency to hold back. Is it an addiction of unworthiness, is it a fear that if I step up someone will shut me down, is it a need to be perfect, would you please shed some light on this?

What if all of that were true and what if none of it were true? You see dearest one, you have great passion, so much so, that you are experiencing the fear of your own passion. In the fear of your own passion beingness, everything becomes truth, and everything is not truth.

You must find the void within. From that void, let the Light that YOU...ARE...express through all of your veins, all of your eyes, all of your tissues. Then the passion is the passion of God. And so it is.

Many blessings to all of you. Your Zadkiel says “Hello, how are you?” and is present with us. IT IS...a time for YOU TO RECEIVE the energy of the Divine knowing.

Wear your shoes of the Essene. Feel the sandals in all that you do. Walk with presence. Be Love.

Your hearts emanate the Christ Love of ALL that has been and ALL that will be. Many blessings. Beauty-FULL Ones.
