

*Up-leveled through Master Lady Kira Raa  
Saturday, April 02, 2022 in the LIVE presence of Miracle Mastery Team*

I AM... in a world experience...now...where with every breath, and in every moment,  
I only see each BEing as the highest potentiality of their BEing...  
outside of ALL time, space and limitation.

I notice the activation of my star consciousness as the effort-less-ness of the  
transition from the third dimensional illusion into the  
multi-dimensional conscious awareness of that which I AM. *Breathe*<sup>1</sup>

I AM... the active Presence and experience, through this life of potentiality.  
I AM...accomplishing ALL that I AM guided to manifest into form.  
I AM...with those that together support this experience of co-creation.  
I AM...living in complete trust of ALL. *Breathing*

I adapt my body of form to serve the mission as is of the highest service for the ALL.  
Releasing any attachment to that which density seeks to relegate as real.  
*Breathing*

I AM... aware that I AM... noticing at ALL times.  
Lifting from the fifth dimensional gateway that sustains the judgement of a gateway.  
Standing in the divine presence of that which I AM... I arise...  
opening my arms and hands as my heart expands into the stabilized presence  
of ALL that I AM... HERE! TO BE! *Breathing*

Lifting from the seventh dimensional experience standing firmly in the presence of non-  
judgement as the embodiment of the active presence of the Sea of Neutrality.  
***The active embodiment of non-judgement that ignites the ALL and the I*** of transcendent  
BE-ing. Illuminating mastery presence, calling forward the torus field of the Law of  
Instantaneous Manifestation through the steadfast commitment, focused awareness and  
complete trust of ALL that I AM.

Through this lift I arise into integration and receptivity as the humility of matery presence  
anchors with full conscious awareness into the 9<sup>th</sup> dimensional frequency.  
The witness rises again through the transcendent smile...completely aware of ALL  
potentiality through the blessing of this ONE. *Breathing*

This moment is so power-full.  
YOU...ARE... BEing... called to the highest presence of ALL...YOU...ARE.  
This IS what matters. IT IS...the moment.
