

## The Twelve Lessons of Oneness Message Seven: The Seed of the Soul

Originally Delivered April 26, 2008 TOSA Ranch, Tijeras, NM, USA  
Through Wisdom Teacher Sri Ram Kaa & Master Lady Kira Raa  
...unlocked August 23, 2021

### *Archangel Zadkiel shares through Master Lady Kira Raa*

YES! And so, IT IS! A glorious greeting to YOU.  
With great love eternally, IT IS... time to release ALL fear. Is it not? YES...IT IS!

#### **Welcome to Forever**

Often we receive the question, “*What is forever?*” What a word this is.  
Re-cog-nize that within forever, IT IS... time to release ALL fear. Call  
forward this recognition. Yes!

The recognition, understanding, reunification and presence, IS... NOW... arising with  
great understanding in your world. Many sparks of Divine love have arrived! They are...  
to BE, to KNOW and GROW. As you water a seed and watch the growth, each of  
thee, in this world... now... ***is ready, present and upon the foreverness of YOUR  
MASTERY Divine knowing.***

#### ***What does this mean to be in the foreverness of your Mastery Divine knowing?***

IT IS... the Divine Mastery re-cognition that with the release of ALL fear; it can not be  
present nor manifest. It cannot grow or be manipulated. It cannot exponentially take  
over! Breathe and dive deeply into your own heart. Invite your Soul to arise and ASK...  
what is forever? Is there fear? If fear is there, where is the expression of Divine Love  
in union with fear?

*For all energy is a sacred union. ALL energy.*

### The Energy of Sacred Union

In a world that chooses to engage and offer judgment, where can the union be found when judgment is present? *When in union with the judgment!*

Be-loved ONES. Many seek union. Many seek Divine inspiration. Many seek to BE... in Sacred Union. **YOU...** are all-ways in union!

*The question is Beloved One, are you are forever in union with the truth of your Divine presence? And! Are YOU expressing union with the energies that are coming forward into your world of re-cognition with each breath? With each breath, where is your union? With each moment, where is the union?*

As the emotional body seeks union, it uses many methods. It discovers ways to find its union. We offer this as the emotional body is often overlaid as a perception of truth for your actions. This creates union energy that is amplified based upon the needs of the emotional body. This is important to understand.

*Where do you amplify your energy? Where do you amplify your fear?*

### Experiencing the Energy of Creation<sup>1</sup>

Here is a fun example! Close your eyes as you feel comfortable. Bring your hand to your heart. Invite the reflection of this:

***What in my energy field is a future-oriented event that I often think about?  
What immediately arises as a response?***

Then ask, ***“How do I feel about this event, and why is it there at all?”***

***Beloved Ones, any future-oriented event that you have called into the consciousness of now... is in creation, in this moment... now.  
Get clear and honest! What are YOU creating in the moment now?***

---

<sup>1</sup> This section offers a complex and direct reference to living in the energy of multi-dimensional conscious awareness.

Pay attention to your breath. Many are not breathing at all. Yes! As you focus your attention on the breath... notice! What is the energy? Is there a creation in this moment... now... asking to birth and move forward?

---

***This is the gift of future-orientation! To avoid dismissing that it exists.***

Many are screaming, “Be here now; do this now.” Yes! And, within the reality of your expression in form, in the expression of ALL-ness, YOU... see and experience **ALL...** in relationship to a past, present, and future within the experience of linear understanding.

If you take any line at its two end points and you bring it together, you have a whole circle, do you not? From the middle of that point you realize that your past, present, and future expression has been a training ground to integrate ALL into one whole circle.

We offered this experience as an invitation to selfinquire... *where is your mind? Did you judge the experience?* Then you were in Sacred Union with the judgment, Yes? Gazing at the future event, seeing it as positive or negative matters not.

IT IS... ALL in Divine perfection.

***Repeat this exercise with a past event. Consciously call forth the union energy to release the energy. BE-loved ONE. There is great power and recognition in BE-ing present NOW!***

*To fully **release**  
ALL fear in the present... now, you will need to re-visit the past or the future,  
offering your-self the recognition that ALL of these energies are here... with  
YOU... now. And, YOU...all-ready KNOW!<sup>2</sup>*

As unify the linear into the whole circle, there is no past or present, nor the future.  
**There IS...as YOU...ARE.** In the recognition that YOU ARE... as you call your focus to  
an event, thought, creation, desire, wish, hope, or prayer, YOU... offer to your-self in  
that moment, in that **NOW...** Sacred Union with the energy seeking balance.

---

### **Stabilizing Emotional Turmoil**

As an example when you ponder a past event, does it stimulate an emotional  
response? It matters not the event as there are infinite words to choose from! And, as  
you create within your heart the re-cognition of the rumination, reflection, or  
observation of a past event, what your subconscious declares in that moment is, "*I  
claim Sacred Union now.*" *The question is, with what energy?*

*Are you claiming Sacred Union with pain? Are you claiming union with joy?  
Are you claiming union with fear? Are you claiming union with happiness? Are  
you claiming union with wholeness?*

Whenever the mind reflects outside of the moment of wholeness, IT IS... a gift of  
recognition of the stabilization of ALL emotional turmoil. This is a big one! Many hold  
their breath and ask, "Is that even possible?" Yes! IT IS.

Your planet is conspiring to assist you through this as well, is she not? Many events in  
your world, in the now, are directly affected by the not so now. Either the not so now  
that has been... or the not so... now.

***Professional forecasters will tell you what is coming!***

---

<sup>2</sup> This is a direct reference to the ability to time surf through multiple dimensions to harness the gifts and discernments through the vast  
experience of ALL time and linear formed experience, This is particularly prevalent for lineageholders.

*Then based upon the forecast, the collective consciousness goes into Sacred Union and does its best to manifest it, does it not?*

**THIS IS...** a great gift of recognition, at this moment, in your time. Your co-creative consciousness is working overtime and needs a siesta. We suggest a bath. Water! A break and respite that declares, *"I AM... disconnecting from the manifestation of the co-creative collective consciousness that is choosing one or another outcome."*<sup>3</sup>

***BE-loved One! As you claim wholeness without fear, YOU arrive into Sacred Union with ALL events, past, present or future. IT IS...then...that YOU arrive as a collective contributor to the co-creative consciousness.***

---

***BE-ing the presence of Divine Mastery perfection, wholeness, and loving re-cognition that ALL is expressing in Divine Mastery form without contributing to the manifestation of a collective agreement made upon a world or energy based upon that which has been manipulated.***

That was a mouthful! There are moments when consciously disengaging your brain is of value. The experience to stop thinking and start feeling.

### **Stop thinking...Start feeling**

Stop thinking and start feeling. We offer this as an invitation to your-self to pay attention and observe.

- Where are you feeling from? The emotional or the spiritual body? ***Feel it.***
- What is feeling?
- How does your Soul feel today?
- How is your heart today?
- How is your energy today?
- How are your judgments today?

---

<sup>3</sup> This is the recognition of the field of infinite neutrality. The moment of lifting into multi-dimensional expanded consciousness that is without polarity.

How is your Divine, extraordinary beauty-full body that houses your glorious Soul?

*Beloved Ones, in that moment, is the wholeness! The re-cognition of ALL Divine Union. The presence of ALL that is and has ever been, manifest through you, as YOU.*

Your world will continue her present acting out. She is waiting for you to wake up ever more. She asks, “*Beloved One, I am here, where are you?*” Receive this sharing with great love and reverence, for unless you choose to leave this planet, (*and many are*), then YOU ARE... part of her, are you not?

What a glorious gift, indeed, to BE part of this gift in every moment and recognition. To say, “I AM... an active participant claiming my wholeness. I re-lease my own judgment and offer to the collective manifestation the presence of wholeness.”

Or not!

### The Choice of Wholeness

Re-member dear ones, each is making ***their choice!*** As IT IS... ***your choice.*** The key is for YOU to BE... fully present to your choices. Offer your-self through wholeness into the collective consciousness<sup>4</sup>. As YOU offer your-self in wholeness... this wholeness can be perceived as very dark by the mirror of another and will be very light in the mirror of another. This is an important recognition, as each claims wholeness.

***How YOU choose, to claim your wholeness, is your gift.***

We offer the gentle recognition and reminder that your collective world and collective consciousness is manifesting energies that are for the whole on the planet.

How YOU choose, to bring forth your collective energy, of your world and expression, is YOUR choice. And...it does, indeed, enter into the stream. Beloved Ones! As YOU make your choice, invite it because IT IS... your Soul rising.

---

<sup>4</sup> Through this consciousness, the planetary thought body begins the restorative balance of energy from extreme fear based polarity to the balance of ALL energy that supports the field of expansion.

© 2007- 2021 the Temple of Self-Ascension ® content from The Lessons of Oneness. Arrangement of this printed content and the Revelations from this arrangement are copyright of SriandKira.com. Or! This is a big one, pay attention, *are you making a choice based on a judgment that it is right?* This is a very important question.

*Is your choice to move forward as a Worker of Light because you perceive it as the right thing to do, or because YOU...KNOW...IT IS... the truth of you? These are two very power-full discernments. Do you move forward with ALL YOU DO... because it brings your Soul joy? Because every cell within your body resonates? Because there is an undeniable truth of who YOU express as and with? Or, do you make your choice seeking the approval of others? This is an important discernment.*

You must get to the root center of your choice where you discover your greatest freedom. Beloved Ones, *(because you are in this world right now)*, at the root center of your choice, is the remaining seed of fear that has tried to influence your choice.

---

This remaining seed of fear is that little, teeny, tiny one... barely a speck, yet it carries great weight because it sits deep within thee and is very good at being hidden. This fear uses the opportunity to be very power-fully connected with your Soul force energy to find this little seed.

### Discovering the Root Seed of Fear

When you find that teeny, tiny little seed, YOU must decide... *what do I do with the seed?* You may let it grow...OK...or perhaps you relocate it and let it grow somewhere else. This is important to understand. You did not give it away. IT IS... time to release it from this world's experience. From this lifetime experience.

This little seed is not of this world, Beloved Ones. IT IS... a cumulative journey of your Soul as a gift of Light, that has for eons expanded, that is NOW in a time of Divine reunification. A Soul that is seeking, ready, aware and present, for unification of Oneness. A Soul that loves beyond space and time, beyond the word of Love that you understand now, that re-cognizes ALL expressions Divine Oneness.

You ask, “*Why would there be a little seed of fear?*” Because you have grown so far, expanded, and traveled so long. What does reunification look like? IT IS... the essential re-cognition that at the core YOU ARE... ready for Oneness. IT IS... the recognition that deep within that core, there is a seed saying, “*Oh, my goodness, what if reunification really happens?*” This, Beloved Ones, is the Soul Core Energy.

### Soul Core Energy

The Soul Core Energy in your world right now, is bringing you home to this gift. How you get there, how you travel, where you bring your-self to this moment, is your gift. Your world is very power-full. Yes! Your world has manifested many, many, many forms of information and what you would call religion. ALL of these are power-full forms, are they not? Political forms, geographical forms, cookie cutter lines all over a planet, very funny.

***If ALL these forms are part of ALL-ness expressing, then your form is ALL-ness expressing. How would you like your form to be?***

***Beloved Ones, your forms reflect exactly where your consciousness is.***

***Are you buoyant, or not? Are you comfortable, or not?***

To release Sacred Union with anything that you would judge, invite your judgments to come in, and then love them! Recognize them for what they are. Then, fully walk through them. When you fully recognize and love that which is before you, then you fully walk through it. Your world is walking through it, is she not? YOU... have chosen to be here... for now, so YOU ARE... walking with her.

***With every breath you walk with her. And as you walk, you will run.***

***As you run, you will fly. As you fly, you will lift back into the Light of the Love that YOU ARE. Your core Soul will fly again with great freedom.***

Love! Recognize fear is an illusion and that fear has been a gift. Fear has kept you alive. Fear has kept you on this planet, and fear is now ready for a rest. How you let that rest come forward is your gift, and your world is ready to receive your gift. Are you ready to give it? Take in a deep Avesa breath. A gift indeed, is it not? We will take your questions.

***Archangel Zadkiel responded to multiple questions asking for solutions for specific physical issues. This powerful practice was gifted for ALL:***

Be-loved Ones! IT IS... physical fitness day for everyone here. Notice your fingertips and feel energy grazing into them now. Hold them pointed upward and feel your fingertips getting very, very hot, tingly, radiating. Call forward right now: where do you wish to receive this infusion of Light? Bring your fingertips to wherever you are called. Maybe it is your heart, or stomach, or head. It matters not. This can be emotional, or physical. And, in this radiance... right now, where do you claim this?

You may simply call in the energy, this is good. Your fingertips are alive with energy, light and love. YOU ARE... the doctors! YOU ARE... the healers! YOU ARE... the surgeons. YOU ARE... the ONE that can bring forth your greatest joy. When YOU connect with this power within, it will all-ways manifest for thee. Breathe. Gift yourself with feeling whatever you feel. Relax.

***An audience member asks: A beloved friend is having a hard time in body. It's been challenging to hold presence for both of us. What is happening to him? What is the gift of this pain? What can we offer him? What is my role in this situation?***

These all have the same answer. Avoid enabling any-one through their process. Each makes their own decision. The gift of this interaction is to witness<sup>5</sup> their decision. When one uses another to seek answers for themselves, they invite disruptive energy. You are ALL at the time of great experiential growth. Experiential growth comes from interaction, whether it is from a human, an event, the world, it matters not.

***How you claim this empowerment is the gift YOU call forward for your-self.***

---

<sup>5</sup> This is a direct reference to the mastery practice of the Witness, Witnessing the Witnesser. The multidimensional presence that assists us to maintain the field of neutrality and call forward solutions that serve ALL.

Each BEing before each BEing in this world now, offers ***ir-experiential*** growth. We offer you this word ***ir-experiential*** intentionally. An experience offers one freedom as they recognize the experience. The reason we put “ir” in front, is because it is irregular for the brain pattern that wishes to function in the perception of form.

Your world is shifting beyond its current perception of form and matter. There are quantum energies present that are unveiling now. There are many forms of energy express in ways that scientists will say, “*I have no idea! Very baffling. How did this happen?*” To have an ***ir-experiential*** experience is a great gift that you claim for yourself as YOU shift into quantum recognition. Yes! Each serves their role perfectly, do they not? Be-loved ONE... stand as witness to your friend’s decision, and freedom comes for you both. Many blessings!

Yes! And so it is. Many Blessings.

Many Blessings, BE-loved Ones.  
Your seed of your Soul moves beauty-fully.  
We see YOU...HERE... as Lotuses of Love and Light.  
BE-loved Ones, YOU ARE... the Gift.  
YOU ARE... the Treasure.  
YOU ARE... ALL-ness.

Dance a lot! Let it be easy!
