#### ***Archangel Zadkiel shares through Master Lady Kira Raa***

Through the portal of Divine Mastery love and opening, we invite each the moment to BE... in the upliftment of the energy of Divine Mastery Spirit in ALL-ways. This IS...a great gift.

To BE in the upliftment of Spirit, is to re-cognize that within each ONE...the Divine Mastery portal opens with presence and preciousness. IT IS... the re-cognition of ALL that is, and ALL that has ever been now manifested into your world experience.

***BE-Loved ONE. Arriving at your time of expansion, within the re-cognition of ALL that is... in the form-less as IT IS in form, communication is a great gift.***

#### **Communication**

What is communication? There are many examples of communication in your world that contain the infinite expression of knowledge, wisdom, and yes... other energies. A catch-all category, indeed. As you connect with the essence of communication, notice the communication of your heart with your Divine Mastery presence.

***What is your heart communicating?  
Where is your heart communicating?  
How is your heart communicating?***

Communication is far from, *you speak, I speak*. That is density communication, is it not? You speak, then I speak, then they speak... so much speaking. Oftentimes, speaking has nothing to do with communication. Within the essence of

communication, ONE IS... able to stand with great presence and share, ***“I AM... in Divine Mastery Presence... Now.”***

BE-Loved ONESA, let us share regarding the I AM principles of energy. Many, many understand and say, “I AM This, I AM That, I AM This, I AM That.” Do they not? There are many who sincerely with their heart declare with I AM, do they not?

***Re-cognize that I AM is an active influence of Divine Mastery Presence. This active presence abides deep within your heart and deep within your soul, as YOU, with YOU. IT IS... an energetic upliftment... a communication.***

When you say, “I AM Love.” Let us expand the energy of that sentence.

When you say the I AM, and you pause, you gift your-self with a communication. The re-cognition of I AM as an active energy, rather than a personalized statement; “It is about me.” In this moment hear or say “I AM.” Pause a conscious moment and then finish with “Love.”

Witness the difference. Instead of, “I AM Love,” you are inviting the communication that opens the portal of Divine Mastery energetic communication. Gifting your energy field with up-liftment, energization, and wisdom re-cognition, that I AM is beyond a personalized egoic presence.

IT IS... the Divine Mastery Presence energy flowing through YOU. A wondrous way to receive this re-cognition is to breathe the Avesa Breath after the I AM. “I AM (Avesa breath) Love.” Yes!

Notice the difference.

***As YOU KNOW... that YOU ARE as I AM... your communications ARE the Divine Mastery conduits that call forth your up-liftment through the recognition, the re-connection and acceptance that ALL is ALL-ways well.***

When I AM is the active, conscious Universal re-cognition, versus a personalized conduit... YOU expand. IT IS... a power-full ally to invite the I AM into your breath.

Inhale the “I,” and exhale, “AM.” I AM as the breath is continuous communication. IT IS... power-full. IT IS... a gateway, a portal of understanding your eternal nature. This is great communication, is it not?

### Community

Entering Divine communication in all-ways, ignites the energy of true community. This is birthed through the power of Divine Mastery communication. Within Divine Mastery communication, where the in-breath is the I, and the out-breath is the AM, is the recognition that each declaration is a power-full awareness of All-ness expanding through you, calling forth Oneness.

***In this awareness, how could there be need? There is only presence.  
And community is birthed in presence.***

True community is birthed heart to heart, communication to communication, I AM to I AM. As you call forth community, IT IS... the same as love. As love is communication, then community is an expression of love. I AM... (*Avesa breath*)... Community.

***Community is not outside of you. YOU...ARE... the community.  
As I AM Community, there is only harmony. There is only the re-cognition of the  
Oneness expressing through Allness in Divine Mastery Reunion, arising through  
communication centered in love. When each communication births from the  
Divine heart and the breath of the I AM... ALL community comes forth.***

***Is not your world experience a community?  
Is not your soul in community with all souls?***

***The energy of your heart is a great opportunity to BE in Divine communication.***

***When we are in communication, as each I AM:  
I AM... Communication, I AM... Community, then  
the gift of Communion arises effort-less-ly.***

## Communion

BE-loved Ones! Communion is not something you earn or that is given to you. IT IS... a gift that YOU call forth through your heart. IT IS... a gift that has all-ways been. IT IS... the re-cognition that YOU...ARE... Communion. Within your Divine Communion, each breath, each moment, each knowing, is in co-creative harmony of the highest service, which is all-ways ... effort-less.

In the re-cognition of Communication, Community, Communion, YOU ignite the symbols that are widely spread across your world. Each has many symbols that are, as part of the journey, beauty-full gateways that open portals to Divine Mastery recognition. Each symbol assists your DNA to grow, expand, and to BE Up-lifted!

***BE-loved Ones! Each has a portal of light energy. A truly Divine communion that offers YOU the energetic re-cognition of ALL upliftment, communication and community.***

***How YOU open and respond to this portal is a great gift at this time of reunification.***

It is easy to let the mind close the portal, is it not? The mind loves to close portals! The mind is a skeptical angel! Indeed! ALL angels are Divine, as ALL skeptics are Divine. Within the heart of the skeptical angel is the gift of, "Help me to break free."

Skepticism is a bond of slavery that is self-imposed. It is brought forward through a system of community that teaches you not to trust.

## Self-Trust and Recognition

In a community that teaches:

*"We know better than you. We will keep you safe, thereby do not trust yourself. It is good to be skeptical because you will never become free, because oh my goodness, how would we have power over thee?!"*

This model has flourished well in this world, has it not? You have not yet blown yourselves up, whoo hooo, a good thing. Perhaps it is important to pay attention to the little blow-ups in your life as each offers an opportunity to expand, to BE, to know, and

to shower great re-cognition, joyous communication, vibrant community and loving connected communion.

Your world...now, Beloved Ones, is inviting YOU to make a choice. The planetary thought body energy of this world is inviting you not to be in the freedom of self-trust.

***True freedom is complete Trust that arises from deep within your heart center.  
IT IS...the re-cognition of the I AM as a foundational communication.***

As your communication expresses as the I AM presence that is activated within thee, beyond the personalized exercise, IT IS... the re-cognition of your Divine expanded state. How can you then...not trust your-self?

Each moment you do not trust your-self, YOU ARE... given a gift. Say to your-self as YOU pay attention; "Ahh, the energy of doubt has moved into my body now; how does it feel?" Words like "yucky" usually come up. As doubt comes forward, when the "yucky-mucky" comes forward, you have a choice.

***"Wow, look at this! I recognize that I AM (Avesa breath) Joy.  
I AM (Avesa breath) Divine Communion. I AM (Avesa breath) Community.  
I AM (Avesa breath) in Divine Communication Always."***

Beloved Ones, in your world, IT IS... a great gift BEing offered to YOU...now. The presence of the ALL energy that is inviting YOU to make your choice.

### **What Holds Your Attention?**

As you arrive into a firmament of great abundant energy, how you respond to that energy will be up to you. As a skeptical angel, there is one response. As an angel that is free to BE, you choose another response. As a doubt captivator, and there are many, you will have another response.

### ***What holds your attention?***

This is an important question. This is why communication is the first thing that we share with you today! Notice consciously what holds your attention. Then, invite your-self to

ask, “Are my eyes on the Divine? I AM (Avesa breath) Divine. I AM (Avesa breath) All-ways, All-ways, All-ways, All-Ways in Divine Communion.”

Communion is not a process blessed by another or given if I have earned it.  
Communion is a gift that has all-ways been me, with me, through me, and as me.

***In communion and community with others, in Divine communication with others, true freedom all-ways comes forward.***

Beloved Ones! IT IS... a great and fun thing to re-cognize that in your world... now, you must be committed to your communion. Freedom in your world now is considered dangerous. Is that not a fascinating example?

IT IS...a great gift to pay attention. Why would freedom be dangerous? What is the gift of that? Beloved Ones, perhaps danger simply means you are ready to KNOW, “I AM Here Now, and I AM Present Now, and I AM Ready Now to move forward with all communication, with community, and with communion.”

***How you express is your great choice of freedom. This is a gift.  
Where is your attention?  
What is it you seek to express before you?***

ALL choices, whether perceived or not as dangerous; ***matter, according to your heart centered presence with them.***

Pay attention to what has your attention. Where is your energy arising from? The next time you say, “I AM tired,” first in-joy and Avesa breath. “I AM. (Avesa breath), not tired!” Yes! In the re-cognition and release of the I AM as a personalized energy, YOU open to the I AM of the Universal conduit of Divine energy.

When you do say, “I AM tired, I AM sick,” if it brings you less than wholeness, if it is less than joy, then take a moment and a breath and call forward: “Yes, I remember, I AM...*breath*...” then pay attention to what comes after that.

***Your energies are profoundly power-full in so many ways. How do you choose to move forward with them? YOU ARE... each...ALL, empowered to have the experience that your Soul has been craving for millennium. How you experience that is your choice. Victim energy is a choice until choose another path. This is a gift for YOU to KNOW. Love ALL of your experiences.***

Your world experience...now... is full of what you call depression. This is also a gift. May it stimulate within YOU, "Enough of that." IT IS... a wondrous journey that many are experiencing this emotional instability. Within emotional instability is the recognition to reconnect with I AM. What a gift as your world is very emotional, is it not?

Within this gift, every moment you experience emotionality, YOU ARE... called to I AM Presence... every moment! Whatever the emotion is, ALL are a call to your to I AM Presence.

***Invite your emotions to stabilize in the I AM Divine knowing, Communication, Community, Communion. May each and every moment, every Avesa breath, in on the "I" out on the "AM," release the personality self into the Divine Self. Sending the clear signal of safety to the emotional and physical body. Dance, laugh, uplift and BE.***

What a gift...Yes! If any in your world seek to take you away from that space, love them! They are reminding YOU to return to I AM. Within your I AM, you free the shackles, so that ALL may do the same.

***Beloved Ones, we have offered many words, and, they are irrelevant in the context of you. YOU ARE as, I (Avesa breath) AM (Avesa breath). I AM (Avesa breath) Communication. I AM (Avesa breath) Community. I AM (Avesa breath) Communion. May your presence BE the gift. This is where your world is now. ALL of the bodies, (spiritual, emotional, physical), are ready to foundationalize them-selves. How they do this is up to you. YOU...ARE... the celebration.***

***Many blessings, Beloved Ones.  
YOU ARE as I AM Communication, Community and Communion.***

***Breathe deeply and be present in ALL-ways. Slavery is a self-induced energy.  
Make a choice.  
And so it is. Many Blessings.***
